MOTION	CA - That we renew the Executive Assistants contract for 2021-23
	TW – Opposed, needs to be rewritten, needs to be updated, needs to be reviewed by the whole executive.
	BN – agree, especially important now that CL is planning to retire, so we need to do this by the book
	BN – requested that CL please send out contract to everyone
	BN – requested that CL send out a list to everyone of the details of his work plan regarding what he does on a weekly and monthly basis
	BN – with CL retiring, we need to have a plan in place, and go through to make sure that everything is still relevant
	CL/CA- Contract is fairly old
	CL – June 1, 2022 is planned to go half time for the following year
TW – we need to remember that it is up to the board to deter is in the contract, and when/if the contract is renewed, it is the Executive Assistant to tell us when he is going to be done	
	CA – concerns that CL will be gone and nothing will get done because we have nobody doing anything
	CA – I still want this organization to look strong and not weak.
	BN – There is a big difference between looking strong and being strong. That is why we need to do the internal audit, and continuing to update all sorts of stuff
	BN – organization was created and needs to keep growing
	TW – the idea behind all of the updates is to improve
